

Reducing the Risk of Misconnections¹

Connecting what belongs together

Compliant with International Standard
ISO 80369-6:2016 for neuraxial connectors²

PRODUCTS WITH
NRFit™
CONNECTORS

1. Dedicated connectors intended to help reduce the risk of misconnections. Yellow colour coding where feasible allows faster identification of Regional Anaesthesia devices.
2. ISO 80369-6:2016 - small bore connectors for liquids and gases in healthcare applications - Part 6: connectors for neuraxial applications.
